

HEARTLANDS

COUNTRY

**** Business skills Seminar*****

Cambinata Yabbies, natural soap, organic honey

If you have a great idea for a niche product beyond the farm gate, but need help to get started or to take your product to the next stage in the market, Heartlands Country can help you.

Heartlands Country, is the wheatbelt's regional branding group. Its members include the Nenke family who started Cambinata Yabbies, a natural soap and candle maker, a milliner and honey producer.

Heartlands Country is holding a 2 day business seminar in Goomalling, Monday the 2nd and Tuesday the 3rd of November. Accredited trainers will cover issues like cash flow, managing the books, marketing and the team around you.

The 2 days are being heavily subsidised by Heartlands Country and the Federal Government so costs for participants are being kept as low as possible.

For more information, and to book your place call Jemma Vanzetti on 9651 1770

Limited places available.
